EDUCATION

Institute of Engineering and Technology, Lucknow **2021 - 2025**
Bachelor of Technology - Computer Science and Engineering (AI) - CGPA - 7.91 *Lucknow, Uttar Pradesh*

EXPERIENCE

Ricoz Private Limited **Nov 2023 - May 2024**
ReactJs Frontend Developer Intern *Remote*

Technologies: MERN Stack, Redux, RESTful APIs, JavaScript, HTML, TailwindCSS, ApexCharts

- Developed a courier service website MyFaxtX from scratch: Featuring Customer, Partner, Admin section and applied RESTful APIs to facilitate seamless data exchange between frontend and backend systems.
- Implemented optimized SEO, authentication using JWT for secure session management, state management with Redux Toolkit, integration of ApexCharts, and deployment via cPanel.
- Achieved Lighthouse scores: Performance (98), Accessibility (95), Best Practices (100), SEO (98).

SKILLS SUMMARY

Languages and Tools	C/C++, JavaScript, SQL, Postman, GitHub, Python
Coursework	OOPS, DBMS, OS, ML, DevOps
Database	MongoDB, MySQL
Frameworks and Library	ReactJs, NextJs, NodeJS, Redux, ExpressJs, Tailwind
Soft Skills	Problem solving, Teamwork, Time management

PROJECTS

MyFastX Website **Nov 2023 - Mar 2024**

- Developed a responsive and dynamic website for MyFastX using React.js and Tailwind CSS, ensuring a modern user interface
- Integrated OTP authentication, password encryption, and progress visualization through interactive maps and charts for enhanced security and user experience.
- Enhanced user experience by enabling seamless shipment booking, live tracking, and customer support features.

ReCart Project **Sept 2024 - Nov 2024**

- A platform enabling users to list and sell pre-owned items, with a contact feature for buyer-seller communication.
- Enabled logged-in users to easily create, update, and delete listings with high-quality images, and connect with interested buyers directly and dynamic search and filter system for easy discovery.
- Features include sorting listings by price and time, a dynamic search system supporting text and blog content, and optimized performance leveraging the virtual DOM for seamless user experience.

Prepeat website **April 2024 - May 2024**

- Awebsite to simplify daily requirements, including tiffin delivery, chef services, and laundry assistance.
- Implemented smooth loading effects, sliding animations, and transitions for an enhanced user experience, with lazy loading and smooth animation effects using AOS for optimized performance.

RedLinear **Oct 2024**

- The SIH Hackathon'24 website is a cutting-edge platform built with modern technologies, featuring an engaging user experience enhanced by Framer Motion animations.

ACHIEVEMENTS

* **LeetCode:** Top 7 percent with a highest rating of 1812.
* **Codechef:** Solved 200+ questions.
* **Codeforces:** Solved 200+ questions to improve problem-solving skills.
* **IET, Ankuran Robotics Competition:** Member of Fractal (Coding Club) IET Lucknow.
